Hi. I have made one change to these OPPs fact sheets which Kaitlin sent earlier. I replaced the IARC fact sheet with a version incorporating ORDs comments that Rick addressed.

Hard copies are in your binders for review. 14 OPP fact sheets are attached. All in this set are due to OCIR Tuesday (8/20) by 3pm.

These are organized alphabetically in your packet and the attached table (with the exception of two OPPT ones due tomorrow) since that's how they will get numbered by OCIR.

OPP has a lot of new ones, highlighted in the table in red. These include: atrazine, CA Prop 65, Hemp, IARC, Invora, Paraquat, Pyrethroids, Sodium Cyanide, and Sulfoxaflor.

Please let me know your edits/comments either via hard copy or electronic edits.

Thanks,

Kaitlin

OCSPP Congressional Team,

We are starting preparations for a Sept 19 House Science committee oversight hearing with Administrator Wheeler. Attached please find OCSPP's fact sheets from the Administrator's budget hearings earlier this year. OCIR requests updated fact sheets by **Tues, Aug 20 at 3pm**. The same set has been shared with the AAs with the same deadline. Please let me know as soon as possible if any recommended additions, deletions, or if something missing.

Additionally, attached is a "Program Office Fact Sheet Format" doc. If you have any concerns on the format, please let me know.

Also attached is a table of contents for all of the agency's fact sheets. Please let me know if you want to see any fact sheets assigned to other offices.

We appreciate everyone's work in getting these done. Please let me know if any questions. Thanks,  
Sven
